MESSAGE FROM THE EXECUTIVE DIRECTOR

2015 was an exciting year! Often getting through hard times in an insightful and positive way reaps new opportunities and growth. We were fortunate to see an increase in federal and state funds this year, resulting in much needed staff growth. Our center now employs 9 employees, with the additions of a MDT/Intake Coordinator, a Mental Health Therapist and a full time Family Advocate. These additions are allowing us to improve and grow the overall services we provide to children who have been abused and neglected locally. This year, we also added a sexual assault exam program in partnership with McLane Children's Hospital, and saw 72 children onsite for sexual assault exams. 550 children walked through our door in 2015 and we are assured that these kids affected by child abuse received needed intervention, thus receiving the gift of hope and healing. We had a successful Blue Envelope Campaign, Divine Desserts and added a new Designer Purse Bingo event. Our successes are always found due to our hard working Board, our staff and the amazing support from YOU, our community. With this growth comes additional financial needs to keep our vision and mission going, so we hope in 2016, you will continue to support our cause. We are hosting Designer Purse Bingo again, April 3rd and hosting our first annual Divine Bingo Extravaganza on April 24th. Please continue with us on this journey and change children's lives forever.

Best to you all,

Michelle Carter, Executive Director

WHAT WE DO

In Central Texas more than 1,300 children were confirmed victims of child abuse last year. These children need special intervention and hope to begin a path to healing. The CACCT provides:

A SAFE place that offers a child friendly, comfortable environment where specialized forensic interviewers talk to children and help investigators determine whether or not abuse has occurred.

A SAFE place where law enforcement, prosecutors and child protective service workers can collaborate child abuse investigations in a manner sensitive to the needs of young victims and create positive outcomes.

A SAFE place where child abuse victims and their families receive counseling, sexual assault exams, and family advocacy services that provide hope and a path the healing.
